# **Chairman's Report 2007**

I have pleasure in reporting on behalf of the Board of PNZ for the 2006/2007 financial year.

## **The Board:**

We welcomed Stephen Symonds and Graham Condon to the Board in 2006 and said farewell to Bill Lean whose contribution to PNZ at all levels (athlete, Parafed Otago and PNZ Board) has been long standing and highly credible. David Rutherford resigned from the Board of PNZ at the 2006 AGM. We thank David for his contribution to the Board during his two year term. His advice and counsel was greatly valued and his involvement with Special Olympics New Zealand has been very beneficial to the working relationship of both organisations.

The sudden death of Graham Condon has shocked and saddened us all; we extend our sympathies to Kathy, Craig and Andrea and friends. Graham was an outstanding athlete, a wonderful role model and a sporting ambassador of the highest order. Graham's positive contribution will be remembered through the foundations of his administration and governance work and through the many athletes and coaches that he touched.

The remainder of the PNZ Board was stable throughout the year and continued to provide a solid, strategic focus towards the day to day challenges and ultimately to the Beijing 2008 campaign.

The Board Members continue to be volunteers but with a highly professional approach. The significant financial and strategic decisions now required by PNZ must be supported by the appropriate skills and knowledge at the Board table. I am delighted with the range of experience and capabilities currently serving our Board.

## **The Board has focused on driving three key projects:**

1. The implementation of the No Exceptions strategy through our CEO. This has proved to be difficult and frustrating. There has been some progress through a collaborative approach with Special Olympics, Halberg Trust and PNZ but the progress has been slow.
2. The Parafed revitalisation project: The Board signed-off a 'transition plan' in Nov 2005 that would provide assistance to regional Parafeds so that a clear pathway from grassroots through to Elite Athlete programmes was achieved. The funding for this initiative has now been received (July 07).
3. National Disability Federation: Discussions have been held with the Minister for Disability Ruth Dyson about the concept of a National Federation for Disability Sport that would stop the duplication and fragmented approach to funding and funding agencies by disability sport organizations.

## **Financial**

The support of SPARC and the NZ Academy of Sport has again provided much needed financial certainty to our operations, our athletes and coaches. The commitment of SPARC's funding toward Beijing and our High Performance programme (including PEGS grants – performance enhancement grants) has provided much needed support for our World Championship and Paralympic Games preparations.

The Lion Foundation continues to provide wonderful support to PNZ and we are indebted to them for their ongoing financial support.

## **Staff**

My thanks to Craig Hobbs for his five years of dedicated service to PNZ; we wish him well with his future. I would like to thank the staff for their commitment to Paralympics NZ, our PNZ Athletes, Coaches and all Team Support personnel. I would also like to acknowledge the regional Parafed committees and volunteers who provide the opportunities at a local level and the beginnings of a journey for an Athlete with a disability.

Simon Peterson  
Chairman / President

## **Chief Executive Report 2007**

This report captures the key activities and financial information pertaining to Paralympics New Zealand 2006 / 07 year ending 30 June 07.

At the 2006 AGM the members adopted a new Constitution that includes the formal name change of PNZ. The period under review has been another very successful year for PNZ and its athletes and indicates that our high performance programme is tracking well for the Beijing 2008 Paralympic Games. Twelve World Championship medals were won at the IPC World's for Athletics, Shooting, Swimming and Cycling. In addition the Wheel Blacks won silver on home ground at the IWRF World Wheelchair Rugby Championships. The Boccia Team won Gold at the Boccia World Champs in Rio de Janerio and there were many other medal winning performances achieved.

A highlight of this period was the outstanding World Wheelchair Rugby Championship held in Christchurch in September 06. Congratulations and thank you to Ken Sowden, Ang James and Hadleigh Pierson and the ParaFed Canterbury team who organised and ran this event that has set a new standard for all future World Rugby Championship event organisers to aspire to. Spectator numbers at the event exceeded all expectations and the final was televised on TV One with a fantastic production from TVNZ.

To continue the momentum of hosting elite level disability sporting events in New Zealand, PNZ and Great Events of Christchurch has submitted an expression of interest to host the 2010 International Paralympic Committee (IPC) World Championships in Athletics. In January 2007, the IPC reviewed the submitted material and selected Barcelona, Spain and Christchurch, New Zealand to continue in the formal bid application process. The hosting right will be awarded by the IPC in November 2007.

I want to acknowledge and thank Patron Paul Holmes for his continued championing of PNZ. Paul agreed to participate in the grueling TV series Dancing with the Stars purely to benefit PNZ who he named as the beneficiary for all proceeds raised from his participation. Paul and partner Rebecca Nicholson provided a number of graceful, gutsy and highly entertaining performances before being eliminated in week five.

The development of a generic pathway model for athletes to follow from grassroots to elite level performance has been an exciting new initiative that has been developed in the period under review. This provides clear direction to athletes as to what events are available to them, what they must achieve to progress through the pathway and what level of support from PNZ they can expect. The securing of support and funding from SPARC for the Revitalisation of the ParaFed network within New Zealand remains an excellent opportunity to further develop disabled athletes in their chosen sport.

At the time of publication of this annual report, I will have moved on from Paralympics New Zealand after 5 years as CEO. I have been very privileged to have had the opportunity to work for such an outstanding organisation and with so many fantastic individuals; be they members of the PNZ staff, athletes, coaches, volunteers, funders, sponsors and supporters. I want to place on record my thanks to everyone who has supported myself, the organisation and our athletes during my tenure.

Craig Hobbs  
CEO, Paralympics New Zealand

# **Operations Report 2007**

## **PNZ Staff and Contracted Service Providers**

PNZ made two key appointments during the year. **Grant Sharman** joined the organisation on contract through to the completion of the Beijing 2008 Paralympic Games as Beijing High Performance Director and **Dwayne Woolliams** commenced in a full time role as Coaching Development Manager.

Both these roles have allowed PNZ to significantly increase its level of support to athletes and coaches both directly and working with National Sports Organisations.

Helen Murphy, Manager High Performance resigned from PNZ after 4 and a half years to take up the Role of Sport Manager – Athletics at the International Paralympic Committee in Bonn, Germany. During her time at PNZ she managed the development of a world class high performance programme that through its support of elite athletes and coaches has delivered 17 World Championship medals in six sports in 2006/07.

Staff 2006 / 2007:

Val Hall, Administration Manager celebrated seven years of keeping the PNZ office running efficiently and effectively in the period under review. Val Hall has since resigned from her role with Paralympics New Zealand in August 2007.

Fiona Allan continues as Operations Manager and accepted the role of Acting CEO on the resignation of Craig Hobbs in June 2007. Fiona is overseeing the Beijing 2008 Paralympic Games Campaign and the management and operation of all PNZ related events and activities.

Dwayne Woolliams is developing the Coaching Development programme and provides support and assistance to coaches working with disabled athletes.

Wade Chang continues as Operations Officer, his systems improvement focus ensures that Paralympics New Zealand is striving for World Class operations and systems.

In addition to our full time staff, PNZ could not function without a team of dedicated contracted service providers. I thank them all for their great work;

Kerry Jenkinson continues in her role as Classification Coordinator and is based at ParaFed Canterbury Offices. Kerry's ability and knowledge of classification ensures that the Classification programme continues to grow. Thanks is extended to ParaFed Canterbury who provide office space for Kerry.

Dr. Paul Wharam continues as PNZ Medical Director and provides valuable medical support to Athletes and Coaches and associated support personnel.

Malcolm Humm, Performance Consultant of the University of Canterbury has increased his hours to support the PNZ High Performance Programme. Malcolm leads the Sports Science support for Athletes and Coaches and is the key driver for the PNZ Acclimatisation Plan in the lead up to the 2008 Beijing Paralympic Games.

The PNZ staff members are fully committed to continuous improvement of systems and processes and the level of support provided to Athletes, Coaches and Support Personnel associated with our Organisation as we move forward to Beijing and beyond.

## **2008 Beijing Paralympic Games**

Duane Kale, Chef De Mission visited Beijing in August 2006 with the New Zealand Olympic Committee to meet with Beijing Organising Committee of the Games (BOCOG) Officials and conduct an initial Site Visit in preparation for 2008 Beijing Paralympic Games. The primary

purpose of this visit was to undertake an environmental search of the various Paralympic Games locations, including main locations in Beijing, Sailing in Qingdao and Equestrian in Hong Kong. The next visit is scheduled for September 2007.

### **Beijing 2008 Planning**

The preparation planning for Beijing 2008 is well underway and the Beijing Planning Team and the Beijing High Performance Team meet regularly throughout the year.

The Beijing Planning Team consists of; Duane Kale (Chef de Mission); Ken Sowden (Operations Manager); Fiona Allan (Acting CEO); Chris Bullen (SPARC), and Grant Sharman (Beijing High Performance Director).

The Beijing Planning Team ensures that thorough preparation and consideration is given to every aspect in preparation for the representative of the NZ Paralympic Team at the Games. This includes the travel to and from the Games, development of Team Uniform, accreditation, media, accommodation, freight, equipment and other logistics associated with Games management.

Nomination and Selection documents for the 2008 Beijing Paralympic Games will be released from PNZ in September 2007 and Athlete Nominations are due on 15 January 2008.

The Beijing High Performance Team consists of; Grant Sharman (Beijing Performance Director); Fiona Allan (Operations Manager); Chris Bullen (SPARC); and Malcolm Humm (Performance Consultant).

The Beijing High Performance Team ensures that the athletes and coaches are best advised, supported, prepared and educated in the lead up to the Games.

### **SPARC**

Paralympics New Zealand continues to receive excellent support from SPARC and the New Zealand Academy of Sport in a very positive partner relationship.

As well as providing a significant amount toward the costs of the Coaching Development position, SPARC has committed a bulk sum of \$400k to assist PNZ with the campaign costs of the Beijing Paralympic Games. We greatly appreciate SPARC's ongoing support.

PNZ and SPARC have a high performance investment agreement through to the end of 2008 which provides significant funding for athletes programmes and competition in the build up to Beijing. In addition Athletes and Coaches continue to benefit from Performance Enhancement Grants and Prime Minister Scholarship's.

The No Exceptions strategy and implementation plan continues to develop under SPARC's stewardship. Mike Gourley, Senior Advisor Disability has worked with PNZ, the Halberg Trust and Special Olympics throughout the 2006/07 period to establish a disability sport and recreation development framework.

### **Beijing Medal High Performance Group**

For 2006/07 PNZ made significant changes to the way investment was made into Paralympic sports. A clear investment criterion was circulated and each sport that satisfied the criteria was invited to make an investment presentation to the PNZ High Performance Panel. The panel then made a recommendation to PNZ who made the final decision. The aim of this process was to better understand the needs of sports but also to have a clear and transparent process about how investment decisions were made. By doing this, we satisfied one of the key recommendations from the 2004 debrief being transparency.

For 2007 we have made this process even more thorough. Over the past year, Individual Performance Plans (IPP's) have been conducted with athletes who through results, have proven that they are strong medal contenders in Beijing. As a result, we now have a clear understanding

of our coaches' and athletes' requirements as they look ahead to Beijing and the resourcing required to ensure the success of their IPP.

### **Investment Process**

There are a number of avenues through which investment from SPARC can be secured. PNZ has negotiated the following:

#### **Sports:**

\* PNZ will invest a total of \$600,000 direct investment into sports (and their athletes and coaches) based on the IPP's.

#### **Athletes:**

- \* Athlete Performance Enhancement Grants (PEGs) – eligible athletes will be notified by PNZ
- \* Athlete carding
- \* Athlete PM scholarships

#### **Coaches:**

- \* Coach PEGs
- \* Coach PM scholarships
- \* Coach carding

### **Beijing High Performance Director**

Grant Sharman's focus as Beijing High Performance Director oversees the Beijing 2008 medal potential Athletes and Coaches and related support staff with a sole focus on ensuring athletes and coaches are the best prepared in their Beijing campaign.

### **Performance Consultant**

Malcolm Humm drives the Athlete/Coach Individual Performance Planning (IPP) and the Beijing Acclimatisation Project. During the Athlete/Coach IPP process, athlete plans are developed, performance history and international ranking is analysed, athletes training/coaching requirements are discussed, performance targets are set and International and National events are identified.

### **IPC Development Committee**

Paralympics New Zealand Chair Simon Peterson has been appointed to the Development Committee of the IPC. The establishment of this committee is reflective of the IPC's move from a committee focus to a governance focus. Simon's appointment demonstrates the standing of both Simon and Paralympics New Zealand with the International Paralympic Committee and the International Paralympic family.

### **Key Relationships**

PNZ is continuing to develop new and maintain existing strong relationships with all of its Principal and Affiliate members and other important agencies such as SPARC, NZAS, NZOC, IPC, NPC's, ParaFed Organisations, National Sporting Organisations, Sponsors and Supporters.

The following organisations are current Paralympics New Zealand Members;

#### **Principal Members:**

Athletics New Zealand	Basketball New Zealand
Bowls New Zealand	Bike NZ
New Zealand Shooting Federation	Swimming New Zealand
Disabled SnowSports New Zealand	Boccia New Zealand
New Zealand Wheelchair Rugby	New Zealand Wheelchair Tennis
Parafed Northland	Parafed Auckland
Parafed Taranaki	Parafed Wellington
Parafed Canterbury	Parafed North Otago
Parafed Otago	Parafed Southland
Yachting New Zealand	

## **Affiliate Members:**

Equestrian New Zealand  
Parafed Waikato  
Parafed Manawatu

New Zealand Dancesport Association  
Parafed Bay of Plenty

## **Events**

Paralympics New Zealand continues to support and assist international, national and regional sport events. The provision of world class event management for all PNZ Teams and Athletes is critical to ensure that athletes are given the best support for their preparation for the event. PNZ continues to develop best practice policy and extend its support to organisations and individuals. PNZ sent 19 teams away in 2006/07.

## **Sponsors / Supporters**

The **Lion Foundation** has continued its fantastic support of PNZ into a fifth year. Their significant funding continues to allow PNZ to increase the level of service we can provide to athletes, teams and members. We appreciate the partnership relationship we have with this major supporter and funder of the New Zealand community at all levels.

**DesignWorks Enterprise IG** continues to supply outstanding branding and visual imagery to PNZ as demonstrated by the design of World Wheelchair Rugby Championships branding and marketing that they generously provided in September 2006.

**IAG NZ Ltd** and **Mike Henry Travel Insurance** continued its ongoing support of PNZ with generous sponsorship. The sponsorship relationship contributed both cash and discounted travel insurance premiums for all PNZ team members. IAG extended an invite to PNZ athletes to join them in their IAG Staff and Family team for Auckland Round the Bays. IAG NZ Ltd continue to provide excellent support to PNZ.

The **Century Foundation** has always been favourable to funding grant applications from PNZ and again in 2006/07 has provided significant funding support.

**Air New Zealand** continues their support of PNZ that has been in place since the Sydney 2000 Paralympic Games.

**FleetPartners** continued their support of PNZ by providing three vehicles either free of charge or on very favourable lease rates. FleetPartners allowed PNZ to cease the lease term to take on a new Principal vehicle sponsor. We thank FleetPartners for their support.

The **New Zealand Community Trust** supported PNZ with Coaching software, Smartboard technology and related accessories, and network costs.

**BlueStar Print New Zealand** continue their support to PNZ through the printing of related PNZ material at little or no cost including PNZ Business cards. BlueStar staff members ran the Taupo round the lake and raised funds for PNZ.

We welcome **Mitsubishi Motors New Zealand** as PNZ Principal Sponsor, as of 1 July 2007 through to the end of 2012. The supply of 4 Outlander vehicles and financial support is greatly appreciated and we look forward to working with Mitsubishi Motors in the future

Thank you also to everyone associated with Paralympics New Zealand for your support, assistance and in many cases hours of hard unpaid work on behalf of our Organisation, Athletes and Coaches.

Thank you once again to all of our sponsors and supporters. I encourage everyone associated with Paralympics New Zealand to support them and their products whenever possible.

Fiona Allan  
Operations Manager

## **Paralympics NZ Athletes Report 2007**

This year has been a very important year for Paralympics New Zealand athletes. For those hoping to qualify for the Beijing 2008 summer Paralympic Games in September next year it has been a crucial time, as they set their sights on what will be one of the biggest competitions in their sporting career. For many it may be the ultimate experience, especially as there is a general belief that the Chinese will be sparing no effort and expense to make sure the venues, the accommodation and the general experience of the athletes and all visitors are the best ever.

The many athletes trying to qualify for the Beijing Paralympics have been concentrating on their individual performance plans. Some of them have been training to compete at the nationals and at local competitions while others have traveled to Australia, Asia and even to Europe to compete in various competitions. These have ranged from international competitions to world championships in the respective sports. Attending the best suitable competitions available helps each athlete to get the results he or she needs.

As the qualifying period ends early next year and the team for the Games will be announced a few months before September 2008, many athletes have started to increase their training. Some athletes increased their training from one to up to four or five hours a day. This shows just how determined they are to achieve their goals and become the world's best in their sport.

Many athletes of Paralympics New Zealand are having to train in difficult conditions or environments that they are not accustomed to. Most are having to train in conditions that are the total opposite of what they will face in Beijing. Training in the winter season, some athletes have had to struggle with wet conditions, high winds, stormy weather and a few have had to face training in the snow. As the years have gone by the competition has got increasingly harder. More time, commitment, effort and determination is required to reach the very top, compared to even just a few years ago. After each World Championship and Olympics/Paralympics the qualifying standard has been tightened, becoming much harder to reach. The bar is constantly being raised. New Zealand Paralympic athletes have to give everything to be able to represent their country in their chosen sport. And this is especially so to have success in Beijing, as there is no doubt that it will produce the toughest competition New Zealand athletes have ever faced.

As standards are raised, training techniques evolve and there are many more aspects to training than "just" training hard physically. The body and mind are connected and need to be trained simultaneously, and the recovery of the body is as important as the strengthening of the body. In order to train safely and efficiently, the athlete and the coach need support.

Without the support of SPARC and the NZ Academy of Sport, the preparation of New Zealand Paralympics athletes would have been vastly more challenging and would have made any chance of overseas success almost impossible to achieve. They have provided the athletes with various services ranging from medical, nutritional, massage, podiatrists, sports science and other services to help them reach the best condition possible. Over the years this support has proven to be very beneficial and a huge factor in the success of all the athletes. We will now look forward to watching the results in Beijing.

Matt Slade  
Athlete Representative

## **Beijing High Performance Report 2007**

Since my appointment in May 2006, I have focused on building a high performance team that will support our athletes and coaches and give them the best possible chance of winning a medal in Beijing in 2008. My focus has been kept simple, winning thirteen medals in Beijing.

The first task was to identify our medal athletes. This was done by reviewing performances as of June 2006, putting a list of athletes together which was reviewed by the High Performance Panel. Our next step was to review each athlete using the IPP (Individual Performance Plan) process. An IPP team sat with each athlete and coach (where available) and questioned them on their plan to medal in Beijing. From these meetings we identified the services and providers each athlete needed.

I was stunned at the varying level of preparation and planning of many of our top performing athletes. For a number of them their coaches and support networks were not at the level you would associate with a medal winning athlete. There were a number of 'non sport' issues that in some cases, has taken nearly twelve months to resolve.

We have now reached a stage where all our medal athletes are focusing on their sport, have the best coaches available and have a tailored and highly skilled support team around them. There is a mental skills strategy in place; a performance analysis programme is being developed and we are close to finalising a tracking process that will tell us where our athletes are in relation to their competition and whether they are on track for a medal.

Appointing Malcolm Humm as Case Manager, working three days a week out of NZAS-SI, has been a key reason for the progress we have made so far. Malcolm has built up a solid rapport with our athletes and coaches, as well as ensuring we have the best providers as part of each athlete's support team. Malcolm keeps in regular contact and his follow up of actions ensures we keep making progress. In addition to his case manager role, Malcolm has led the acclimatisation planning. Due to the differing environment in Beijing it is essential that our planning and implementation is accurate and effective. We are working closely with NZOC and other National Paralympic Committees on this.

In her capacity as Operations Manager, Fiona Allan is extremely professional and has an eye for detail which means our athlete's and team's logistics are well organised. We have learned some valuable lessons from the events already held and these will prove very valuable as we embark on future competitions.

Martin Dowson has played a valuable role in the IPP team and working with me around the Service Level Agreement and standard of providers. Chris Bullen has given outstanding support and direction to both me and PNZ by way of challenging our actions and thought processes; reminding us about making 'assumptions', and generally providing sound advice and guidance.

We plan to have identified our Beijing medal athletes by November this year based on performance with selection occurring by April 2008. I am confident we are on track to being the best prepared NZ Paralympic Team to ever leave New Zealand. I would like to acknowledge the excellent financial support we receive from SPARC – lack of funding will not be an excuse for any poor performances.

I would sound a note of caution with regard to our Chinese opposition in that I believe we will see some stunning performances from them based on the level of preparation and investment they are making, not to mention their identification of athletes and the classification of these athletes.

There is still much to be done but I believe the PNZ High Performance team, athletes and coaches are on the right track.

Grant Sharman

## **Coaching Development Report 2007**

Over the past twelve months the focus has been on ensuring that PNZ have the appropriate coaches in place and that coaching initiatives are implemented to increase the support and skill level of those in our high performance programme. There have been a number of changes to our "winning medal potential" coaching team with the emphasis on securing a higher standard of capability while regular observation and support is being conducted.

In November 2006 Paralympics New Zealand was the first National Sporting Organisation to run SPARCs "Leading Change" course from the new Coaching Development Framework. Tools have been written to evaluate the effectiveness of the coaches along with the development of a Coaching Strategy that has been identified by SPARC as groundbreaking resources that acknowledge a distinct coaching pathway, the process in which coaches learn and a coach's passport to record that learning. SPARC have identified these as being beneficial to other National Sporting Organisations and wishes to supply the PNZ model for others to use via their website.

The Coaching Development Manager is continually increasing the awareness of coaching athletes with a disability and working with the National Sports Organisations to improve their disability coaching programmes and to support and develop coaches currently working with athletes with a disability.

Dwayne Woolliams  
Coaching Development Manager

### **Classification**

PNZ strives to work towards efficient and effective Classification systems for all Paralympic sports within New Zealand. In 2006/07 PNZ has developed the classification programme, co-ordinated and supported national and international classification workshops and has allocated provisional athlete classes for IPC Sports, where possible, this is done in partnership with the sport specific national organisation.

It must be acknowledged that most of the classification activity is done by volunteers with a determination to ensure this important aspect of Paralympic sport occurs to the highest standard. PNZ would like to express its thanks all those who are involved in the delivery and development of classification in New Zealand.

Fiona Allan  
Operations Manager

## Classification Report – 2006 / 07

### Provisional Classification

This system continues to provide an indication of sport class for new athletes.

<b>Provisional Classes given by sport:</b>					
Archery	0	Athletics	15	Boccia	6
Bowls	3	Cycling	16	Equestrian	1
Sailing	1	Shooting	4	Skiing	1
Swimming	6	Table Tennis	4	Wheelchair Basketball	0

### Blind Sports Registration

Three IBSA registrations were received by PNZ.

*Registration for Athletes with an Intellectual Disability (INAS-FID)* 2 National Registrations have been received by PNZ.

### National Classification

PNZ has received the details of athletes who have been given National Status Classifications

<b>National Classes given by sport:</b>

Rowing	2	Sailing	1	Swimming	2

(including those with Review status) from the following sports:

### Classification Protests

Paralympics New Zealand received 2 classification protests this year for athletes.

One athlete has withdrawn from competition and therefore their protest has been withdrawn.

The other protest was upheld and the individual's classification was changed.

### National Classification Training and Education

The following are the formal workshops and opportunities that PNZ has supported:

Skiing Classification Workshop held by Gillian Hall at 2006 Nationals, July, Cardrona.

### Classifier attendance at National Events

- Wheelchair Rugby
- Skiing
- Boccia
- Equestrian
- Wheelchair Basketball

## Classifier attendance at International Events

- World Wheelchair Rugby Championships, Christchurch, September 2006
- Australian RDA Championships

### International Classifier Training

The following people were supported by PNZ towards classifier training internationally. We congratulate them on their achievements and look forward to their knowledge further benefiting NZ Paralympic sport.

### Rowing

Adrian Henning	Australian Rowing Classification Workshop	June 2007
Tamsin Chittock	Australian Rowing Classification Workshop	June 2007

### Swimming

Sandra Blewett	IPC Swimming Online Classification Course ongoing
----------------	---

**Head Classifiers** continue to build the base of Trainee Classifiers and often identify individuals to continue training at a National and International level.

### Head Classifiers Forum – June 2007

A Classifiers Forum was held by Paralympics New Zealand on Sunday 17<sup>th</sup> June in Auckland. This was a great opportunity to work with the classifiers to develop and strengthen our policies within the classification frame work provided by the IPC Classification code.

This was attended by 10 classifiers, Kerry Jenkinson (Classification Coordinator), and Fiona Allan (Operations Manager)

## **Order of Merit**

At the 2006 PNZ Annual General Meeting, the members unanimously approved the Boards nomination of Mr. Ross Hynds to be awarded the PNZ Order of Merit.

As well as a fantastic sporting career, Ross has also served disabled athletes as a continuous member and committee member of Western Bay of Plenty (Parafed Bay of Plenty) from 1971 to today, serving as President, Secretary and Treasurer. He was the delegate from his club to CNI Paraplegic Association from 1971 to the late 1970's when the committee disbanded through the restructure of the NZ Federation. He served as Secretary and Treasurer during his term in office.

I believe that everyone will agree that Ross is very much a deserving recipient of the Paralympics New Zealand Order of Merit. We thank him for his massive contributions and congratulate him for his outstanding achievements over the past 36 years.

## **Obituaries**

Simon Grant (New Zealand team member) was tragically killed in a motor vehicle accident on 13 July 2006 whilst attending the IPC World Shooting Championships in Switzerland in July 2006.

Sue Quirk (New Zealand Wheelchair Tennis) passed away on 6 September following surgery. As well as missing Sue's extensive knowledge and experience of the game there will be a marked absence of a cheerful, friendly lady who worked tirelessly for the benefit of others.

Graham Condon (PNZ Board Member, ParaFed Canterbury Board Member) was tragically killed in a motor vehicle accident whilst handcycling on 8 September 2007. Graham's positive contribution will be remembered through the foundations of his administration and governance work and through the many athletes and coaches that he touched.

We will remember each of these special people for what they have brought to Paralympics New Zealand, disability sport and New Zealand sport in general.
