

A large advertisement for the Paralympics Athens 2004. It features a black silhouette of a man's profile on the left, looking towards the right. The background is a bright yellow. Overlaid on the yellow background is the text "SEEKING BEYOND THE FARTHEST HORIZON" in large, white, bold, sans-serif letters. Below this, in smaller white text, it says "Tim Prendergast - 800m Track". At the bottom left of the advertisement, there is a small Paralympics New Zealand logo and the text "PARALYMPICS ATHENS 2004" and "Achieving is Believing". At the bottom of the advertisement, it says "JOIN US WE NEED PEOPLE WHO BELIEVE THEY CAN ACHIEVE." and "www.paralympics.org.nz".

# Strategic Plan 03-04

**Our Mission**  
 To promote & support sporting opportunities for disabled athletes  
 To assist elite athletes to medal winning performances at International Competitions and the Paralympic Games  
 To raise the profile & recognise the achievement of our athletes with the media and public of New Zealand  
 To be a high profile and professional athlete focused, coach driven sport organisation

**Our Vision**

- Inspiring performance at all levels of our organisation
- To be widely respected & acknowledged as a role model National Paralympic Committee (NPC) by the International Paralympic Committee (IPC) and all other relevant international organisations
- Every disabled person is aware of the IPC sport opportunities and pathways (from grass roots to elite) available to them

**Our Values**

Professional  
 Inspirational  
 Engaging  
 Real  
 Challenging  
 World Beaters

**Organisation**

Ensure policies, roles and structures are appropriate to achieve the Vision and Mission

- All activates & outputs driven by a current and relevant operating plan
- Ensure our policies, resources and programmes are easy to assess by all stakeholders
- Have an effective risk management programme for all aspects of our organisation
- Maintain a strong Board that adds strategic value
- Maintain a team of inspiring and highly motivated paid staff

**High Performance**

Ensure our High Performance Academy structure is appropriate to achieve our Vision and Mission

- Ensure a framework is in place that supports and develops our elite athletes and coaches
- Have the latest in sports related technology available to our elite athletes and coaches
- Have in place a coaching and sports science structure that meets the needs of our elite athletes
- Maintain NZAS funding through a well managed Academy that delivers results
- Involve NSO's in the delivery of HP programmes.

**Sports Development**

Maintain program's and clear pathways to encourage and increase participation in IPC sports

- Maintain clear development programmes for all DA, coaches and officials from partner NSO's
- Lead strategies to ensure people with a disability aware of the sport opportunities available to them
- Establish pathways in all IPC sports from School to International through targeted NSO's
- Maintain and distribute educational resources
- Develop programmes that meet the objectives of the "no exceptions" policy

**Marketing**

Have effective marketing, communication and public relations activities to deliver sustainable funding

- Establish the PNZ brand as a proud well defined property that has significant value
- Maintain a strong profile presenting a positive image of people with impairments.
- Have an effective communications structure to connect with and reach all stakeholders
- Establish a fundraising and sponsorship strategy that delivers results
- Maintain strong personal relationships with key media personalities

**Classification**

Continued development and implementation of classification Services

- Have a database of all classified athletes in all IPC sports
- Ensure all potential athletes have access to classification information and services
- Provide training and development for current and prospective classifiers
- Encourage and support classifiers to officiate at International competitions
- Ensure national classification resources are available
- Recognition in SPARC's officiating strategy

**Strategic Alignments**

Ensure strong strategic alignments with all stakeholders to achieve our Vision and Mission

- Deliver agreed components of the No Exceptions policy on behalf of SPARC.
- Assist RST's, NSO's, and ParaFeds to deliver regional expertise, support & delivery to DA's
- Share resources and systems with NZOC for international teams and competitions by 2008
- Hold NZ affiliation to ISO's for DA's within the bounds of IPC sports
- Maintain SPARC funding through the delivery of contracted outcomes

## **Chairman's Report**

I have pleasure in reporting on behalf of the PNZ Board for the 2003 /2004 financial year.

### **The Board**

At the September 2003 AGM Chairman Craig Purdy stood down and the following new Board members were appointed; Gillian Hall, Graham Condon and Ross Darrah with Cathy Hemsworth co-opted for the duration of her Chef De Mission appointment, ending at the completion of the Athens Games.

The PNZ Board Members have remained stable through the financial year and as the new Chair I would like to acknowledge and thank the Board for their commitment and proactive approach. All of the board are volunteers and their efforts while not always recognised are very much valued.

I would like to mention the contribution of the outgoing Chair Craig Purdy, who handed to me a well run and enthusiast organisation, from Governance through to management. Craig Purdy gave of his time freely with his service to PNZ completely voluntary. Craig's work was of the highest order and we thank him for his commitment to PNZ.

### **SPARC:**

The PNZ annual reports to SPARC have again highlighted the work PNZ has achieved over the past 12mths. PNZ has achieved positive outcomes in the Sport Development and High Performance areas that relate directly to SPARC contracts outcomes.

My thanks to SPARC for their financial support and for the support provided by the NZAS system to our athletes and coaches.

### **Financial:**

The demands on cash flow in a Paralympics year are greater than at any other time. While the games fall into the 04 /05 year, much of the preparation and time commitment is in fact completed within this financial year.

The Lion Foundation has been a long term ally whose impact cannot be underestimated. Our relationship with the Lion Foundation has directly resulted in the capacity of the PNZ office to deliver to our athletes. SPARC's funding toward the Athens campaign has been of immense value to our Team in preparing for and competing in the Paralympics.

### **Staff:**

My thanks to Craig Hobbs and the staff for their commitment to maintaining a clear focus for our athletes, coaches and support staff; we look forward with confidence to the 04 /05 year.

Simon Peterson  
Chairman

## **Executive Directors Report**

It is my pleasure to report on the Paralympics New Zealand (PNZ) 2003 / 04 year ending June 04.

The end of this financial year arrives 2 months before the New Zealand Team departs for the Athens 2004 Paralympic Games; the pinnacle event for our athletes, coaches and the organisation. As I write this report I am very confident that preparations are well in hand for Athens. We are also very happy with the level of support that we have provided our Athens bound athletes and feel that we have allowed them the best possible build up with the resources available.

A strong coaching and support staff has been selected for Athens led by Cathy Hemsworth and a number of athletes have also achieved selection to the New Zealand Team. Congratulations to these high achieving individuals; we wish them and the rest of the team when selected, every success.

I would like to thank each of the Sport Specific Selectors and the overall Athens Team Selection Panel led by Graham Condon for their huge effort and time commitment to ensure that all athletes were fully considered and the correct process and criteria applied when selecting the team.

This year PNZ took a different approach to funding our sports programmes by allocating a bulk amount to sports as negotiated with the appropriate Coaching Director for their Athens build up. This approach is very much in line with PNZ's philosophy of being "Athlete Focussed and Coach Driven". While there is some improvement required in this funding model, we believe it is the best way to provide direct assistance to our elite athletes and coaches.

As in past years we are again greatly indebted to SPARC, the New Zealand Academy of Sport and the Lion Foundation for their significant funding and resource assistance to allow us to provide the best possible support to our athletes. Their funding will also ensure the New Zealand team not only gets to Athens but is given every opportunity to perform while there. We are also very grateful to the New Zealand Olympic Committee, Uniform Group and the Ministry of Trade and Foreign Affairs for their assistance with our preparation for Athens.

In late 2003, Christchurch hosted the World Wheelchair Games and Boccia World Cup. A NZ Team of 62 competed and allowed coaches and selectors an opportunity to evaluate athletes in the heat of competition. It also provided PNZ the ability to consider the needs of a major multi sport team ahead of Athens. The NZ Team won a total of 37 Medals; 14 Gold, 12 Silver and 11 Bronze. Great results and congratulations to all athletes involved.

During the games PNZ and the International Stoke Mandeville Wheelchair Sports Federation (ISMWSF) hosted IPC President Phil Craven in NZ. Very productive meetings were held between Phil and Barry Maister Secretary General NZOC, Ruth Dyson Minister Disability Issues and John Wells & Nick Hill of SPARC. Phil was very enthusiastic and complementary about the work being done in New Zealand for athletes with a disability and by Paralympics New Zealand as a National Paralympic Committee and National Sports Organisation. We can be proud that a number of our initiatives are being used as examples of best practice amongst IPC member nations.

## **Board**

The 2003/04 Board elected Mr. Simon Peterson as Chair after the 2003 Annual General Meeting.

In the lead up to the Athens 2004 Paralympic Games the Board increased its number of face to face meetings this year to 4. In addition there were 2 teleconference meetings plus 1 extraordinary teleconference meeting to ratify Athens team selections.

I wish to thank Simon Peterson and the Board for their time, effort and excellent governance of the Organisation and support to myself over the past 12 months.

I would also like to make special mention of Mr. John Parker who has resigned his position on the Board effective from the 2004 AGM. John was elected to the Board of PNZ in 2001 and has been a major contributor to the direction and effectiveness of the organisation over the past 4 years.

Also resigning at the 2004 AGM is Graham Condon. Graham was elected to the Board in 2003 (having served on the board on previous occasions) but has unfortunately had to withdraw his position due to a conflict with other Board duties.

Thank you to both John and Graham for your great work and wise heads, we wish you well for the future.

## **PNZ Office Staff**

Paralympics New Zealand continues to be very well served by a passionate staff of Val Hall, Office Manager, Helen Murphy, Manager High Performance and Kerry Stead, Manager Sports Services. I thank them for their enthusiasm and efforts of the past 12 months.

I also thank temporary staff Jacqui Graham and Jo Aitken for their invaluable assistance in supporting and administering the Athens preparation work.

Program developer  
Bernice Mene, Athens  
bound Olympian Corney  
Swanepoel and  
Paralympian Terry  
Falevaai at the launch of  
[www.worldclass.org.nz](http://www.worldclass.org.nz)

## **Web sites**

Late 2003 saw a major upgrade of the PNZ website take place in response partly to the need to increase our communication with stakeholders. Developed by Real Sports the web site has been extremely well administered by Kerry Stead. Updated regularly it provides members, athletes and anyone interested with all the latest information of interest. We will continue with the development of the site to include athlete and coach intranets and high performance monitoring and reporting functions.

In October 2003 a major campaign to raise awareness of sports for disabled children was launched by PNZ and some of the country's highest profile sports personalities. The new website [www.worldclass.org.nz](http://www.worldclass.org.nz) uses activities, games and structured lessons to grab student's attention. It has been endorsed by the Ministry of Education and is aligned with the school curriculum. One in five New Zealanders are affected by a disability and around 90,000 are school children. The initiative - an interactive educational tool - has been pioneered by Paralympics New Zealand and developed by former teacher and Silver Fern captain Bernice Mene for use in schools.

## **Athletes Commission**

Congratulations to the PNZ Athletes Commission of Tim Johnson, Tim Prendergast and Matthew Slade for their work in representing the views of athletes so effectively this year.

I thank Tim Prendergast for driving the Commission and consulting widely to draw together the athletes report included in this publication.

I also pay tribute to the many volunteers who have assisted PNZ and the athletes working within our programmes. PNZ Coaching Directors, Personal Coaches and Officials are the backbone of our Organisation; thank you for your tireless work.

## Marketing

The period under review saw the introduction of a new Paralympics New Zealand identity, underpinned by a new logo. Mike Pepper of Practical Creativity developed a brand strategy for PNZ. He then introduced PNZ to Designworks Enterprise IG who took a sponsorship position with us and produced pro-bono the new logo and iterations to sit below the main organizational motif. They also developed the stunning range of posters released recently. Thanks also to Techniche and McCollams Printing for printing these posters free of charge.

The brief that Practical Creativity set for Designworks EIG was:

To build NZ Paralympians into one of New Zealand's most loved & most respected high-performance sporting brands. Inspiring disabled athletes to become Paralympians, achieving successes that inspire us all

- To raise the profile of Paralympic Athletes as elite sportspeople
- To inspire the public to engage with Paralympic sports
- To inspire disabled athletes to become Elite Disabled athletes and aspire to become Paralympians.

After much consultation with athletes, coaches and people who have been to Paralympic Games, it was determined that the essence of what New Zealand Paralympians are all about is **INSPIRING PERFORMANCE** with the values being "Inspirational Engaging, Real, Challenging and World Beaters".

We are very much indebted to Mike, Geoff Suvalko, Karen Jones and the Designworks EIG team for their creative vision, innovation and generosity.

This period also saw the establishment of the **Inspiring Solutions** speaking group. Under the management of Bernice Mene, a number of athletes have been trained in public speaking and marketed to Corporates for motivational speaking engagements.

As well as recognising **SPARC, the Lion Foundation, Designworks EIG, Techniche and McCollams**.

I also thank our long time sponsors **Air New Zealand, Management Toolbox and Esanda FleetPartners** plus new sponsors **Mike Henry Insurance, Fletcher Building, Orca and Birkenstock**.

The value each of these Key Partner Companies and Organisations provides directly impacts the investment and resource available through PNZ to our Athletes, Coaches and Members; please support them at every opportunity.

## IPC General Assembly

In October 2003 I attended the International Paralympic Committee General Assembly held in Torino, Italy. There were 25 Sports, 5 IOSD's and 62 NPC's represented at the General Assembly.

The key factors that came out of the General Assembly were:

1. The unanimous adoption of a new IPC Governance and Organisational structure that will allow the IPC to make some significant moves forward. This reduces the IPC executive from 28 (8 elected) to 12 (10 elected).
2. The approval for the IPC to facilitate the process of independence for those IPC sports that wish to become independent.
3. The adoption of the WADA Anti-doping code.
4. Support to establish a Women in Sport Commission
5. The adoption of an international sports calendar coordination policy
6. The Paralympic Games will no longer contain demonstration or exhibition events after 2004
7. Adoption of the United Nations Resolution outlining the "standard rules on the equalization of opportunities for people with disabilities".

## Conclusion

The 2004-5 year promises to be extremely exciting for everyone involved with Paralympics New Zealand and Disability Sport in this country.

The Athens 2004 Paralympic Games will undoubtedly provide a number of highlights and continue to grow the recognition and understanding of the achievements and efforts of our elite athletes with the New Zealand public. In a major step forward, TVOne has confirmed that they will produce a 1 hour per day highlight package for each day of the Games totally at their cost and we are extremely grateful to them for this.

The recently revised "No Exceptions" developed by SPARC provides a great opportunity to make some major advances in the provision and support of opportunities for disabled people to participate and compete in organised sport and active recreation. PNZ believes we have a strong leadership role to play in this development and will be seeking to work closely with SPARC and our Principal Member Organisations in 2004/05 to ensure the opportunity is not lost.

Thank you to everyone who has provided support, time and energy for your ongoing commitment to PNZ and our athletes.

Executive Director

NZ Bowls Team World  
Wheelchair Games,  
Christchurch 2003

## Obituary

**Dr. Ian Barclay CAMPBELL**

**Paralympics New Zealand, Order of Merit**

On 5<sup>th</sup> April 2004 New Zealand lost one of the pioneers in the field of occupational health and safety with the death of Dr. Ian Barclay Campbell Kt.St.J, MBE, PhD., B.Com. RNZNVRD.

Ian was the Secretary and CEO of the Workers Compensation Board for 22 years during which time he was actively involved in the promotion of occupational health and safety in the workplace. He was the author of "Workers Compensation Law in New Zealand", the standard text used by lawyers working in the workers compensation area.

In 1974 Ian became the first Director of Safety for the Accident Compensation Commission. Ian's knowledge and expertise was widely acknowledged both in New Zealand and overseas. His name was well known in occupational health and safety circles in Sweden, Denmark, USA, Canada, UK and Australia

He remained with the ACC until he retired in 1981 when he became an Honorary Research Fellow in the Department of Human Resource Management at Massey University. At the age of 74 Ian gained his PhD his thesis being entitled "*A Critical Analysis of the Regulation of Workplace Health Hazards in New Zealand*" a scholarly work which is still relevant today.

Ian had a lifetime association with the Order of St. John which invested him with a Knighthood of the Order. He founded and supported organisations for the disabled and was actively involved with the disabled until recent years including with Paralympics New Zealand from whom he was an inaugural Order of Merit recipient.

## **Athletes Report**

The 2003/2004 year has seen the focus turn directly to the Athens Paralympic Games. Where the previous year boasted events such as FESPIC Games and various World Championship events the preparation for the Games has taken priority in the last few months.

In October 2003 Christchurch played host to the World Wheelchair Games. The event was generally well received by those who participated. Apart from several teething problems with funding and accommodation the games flowed smoothly and the event was seen by most as better run than the same event that Christchurch held several years earlier.

In November 2003 some four months before the Paralympic squad was announced, team management was meeting once every two months for a preparation meeting. The inclusion of an Athletes rep in these seminars meant that all information was transparent and this was seen as a very positive step towards creating a strong team ethos, avoiding any form of 'us and them' separation from athletes to management.

It is the case that for every sport there will be issues with selections and policies around Paralympic year. The New Zealand Paralympic team selection was made in March/April and with it came a mix of extremely joyful and disappointed athletes. It was reassuring to see that any disputes with selection were dealt through the appropriate protocols and procedures outlined by PNZ policies.

Once the team was announced it allowed athletes in their respective sports to set about planning for the Athens build up. While funding was always going to be an issue it was felt by several members of the team that the lines of communication being filtered down to the Coaching Directors and in turn onto the athletes was at times distorted and frequently changed. However having said this the majority of athletes that this report spoke to were satisfied that the support and assistance they received for the preparations for the Games was fair and well utilised.

Athletes who are part of the NZAS carding system have generally been happy with services provided from the Academy. A range of services have been received in the twelve month period including some services specific for Athens preparation such as heat acclimation training. Meanwhile regular services such as sports psyche and nutrition have still been accessed to good affect.

In 2004, the focus for the three representatives of the Athletes panel has been strongly fixed on the Athens Paralympic Games. As a result we have only spoken on a handful of occasions and when we have advocated for submissions to the panel responses have often been mute. Hopefully in the coming year particularly with the Paralympic Games encompassing this period more athletes will feel that they can submit suggestions and contribute constructive thoughts to use, which can in turn be voiced to the Board of PNZ.

The 2003/2004 year has seen the crux of Athens 2004 preparation take place. Paralympics New Zealand has demonstrated that a great deal of work has gone into the logistical prep for Athens and have done a great job in securing key supporters such as the Lion Foundation and SPARC. Promotion of the Games has been relatively low key but is bound to increase as the Games begin and the TVNZ package that was secured is fantastic. It is a true reflection on the changes of public perception for Paralympians that TVNZ is sending a team of sports reporters and commentators over to the Games. Far gone are the days of the Paralympics being seen by most has a nice human interest story. We look forward to the coming year and some high performances from our Paralympic sports people.

**Tim Prendergast**

## High Performance Report

### **Lion Foundation Paralympic Academy**

Focus for the Lion Foundation Paralympic Academy Programme this year was very much on providing the best possible support for athletes and coaches to best prepare them for the Athens 2004 Paralympic Games.

Rather than fund at a personal grant level as has been the case in previous years, funding was committed based on athlete and team programmes submitted by Coaching Directors. This complimented the services provided to athletes by the New Zealand Academy of Sport (NZAS) very well.

While there is room for development of this funding model, PNZ believes it to be the most effective means of directly assisting performance programmes. It reinforces PNZ's desire to continue to increase momentum in the Paralympic Academy. We thank the New Zealand Academy of Sport for their assistance and support of both our athletes and organisational programmes. The service level agreement that PNZ share with the NZAS is regularly reviewed and adjusted to improve the service levels our athletes receive.

### High Performance Panel

2003-4 saw the establishment of the Paralympics New Zealand High Performance Panel (HPH)

#### **The purpose of the HPH is**

- The group should always act in a way that represents the best interests of the HP program, athletes and coaches.
- To provide an advise and support network for the HP program in PNZ at an operational level.
- Formulate ideas and procedures based on prior learning (internal and external) for the HP program.
- Focus on process creation and recommendations to be adopted by PNZ sports and presented to the PNZ Board.
- Opportunities to canvas initiatives that may have worked for other sports (internal and external to PNZ) and assess their viability to the PNZ HP program.
- Conduct debriefs on PNZ HP activities to make recommendation for future planning.
- Table and review all HP plans to formulate creditable and workable documents.

We thank the members of the HPH for their input and development of this key initiative.

HPH Members; Richard Young and Peter Pfitzinger of the NZAoS, PNZ Coaching Directors Claire Dallison, Grant Sharman and Trevor Jenkinson, John Marsden PNZ Sports Science Coordinator Paul Wharam Athens Team Medical Leader and Helen Murphy, PNZ Manager - High Performance.

### **Sport Science Services 2003 – 2004**

### **John Marsden – PNZ Sports Science**

The PNZ Sport Science program has been aimed over the past twelve months at providing the best opportunities available for our athletes in their preparation for Athens.

Sport Science services were provided for PNZ athletes through the New Zealand Academy of Sport network, under the direction of the PNZ High Performance Manager and Sport Science Coordinator. Services were provided in the main centres predominantly through Canterbury University in Christchurch, NZAS Central in Wellington, Wintec in Hamilton and UniSports in Auckland. Regional athletes obtained services through local providers.

Services included Strength and Conditioning, Sport Psychology, Nutrition, Exercise Physiology and Biomechanics. Experts in their disciplines provided education programs and practical support to the coaches and athletes within their programs. Access to training facilities was provided through payment of gymnasium fees.

## **Sport Services Report**

*Kerry Stead – Manager Sport Services*

### **Key Relationships**

Paralympics New Zealand has continued to develop and maintain strong relationships with all its members and a number of other important agencies. The move towards an inclusive sporting environment is continuing to develop and grow stronger. The media and publicity around the Athens 2004 Paralympic Games will provide momentum for these to continue developing.

PNZ has been working with the review of SPARC's "No Exceptions" policy to further the drive for inclusion of people with a disability in New Zealand sporting community.

### **Inclusive Events**

Paralympics New Zealand's focus for Sport Services has been inclusive events. This has been a successful area with a number of sports continuing their inclusive programmes and events.

The following national and international events included a programme for athletes with a disability:

- 2003 Basketball New Zealand Divisional Championships
- 2004 Swimming New Zealand Division II Championships \*\*
- 2004 Athletics New Zealand Adidas Track and Field Championships
- 2004 Cycling New Zealand National Track Championships
- NZ Shooting National Events
- South Island Secondary School Athletics Championships
- New Zealand Secondary School Athletics Championships
- 2004 Australian Track and Field Championships (Athletics NZ team including PNZ athletes)
- 2004 Australian Track Cycling Championships (Cycling NZ team including several PNZ athletes)

\*\* Swimming New Zealand has now recognized the importance of this National Event for swimmers with a disability, and from 2005 will be included as part of the National Age Group Championships. National Age Groups is a more elite, competitive environment for our top swimmers to excel in.

### **Sport Development**

As mentioned earlier PNZ is working closely with SPARC in the review of the "No Exceptions" policy and the changes with this policy.

Swimming New Zealand continues to develop its inclusive policies with the organisation. Swimming New Zealand has within their tutor education pathway the "Teaching Swimmers with a disability Course". In addition to this requests have been made for further education and instruction in other Swimming New Zealand courses.

Athletics New Zealand continues to run the Adidas 5 Star programme of athletics in schools. As a number of secondary schools are using this as a basis for NCEA attainment it is important to ensure that students with a disability are being covered within this programme. Work has been occurring within some schools to develop a system with the 5 Star Award programme that caters for students with a disability. Further development of this will occur with Athletics New Zealand in the near future.

The New Zealand Shooting Federation has signed a Memorandum of Understanding (MoU) with Paralympics New Zealand to further develop inclusion of shooters with a disability within their organisation. It is great to see an organisation such as NZSF recognizing the importance and benefit of including shooters with a disability.

### **Classification**

The Paralympics New Zealand Classification Programme continues to grow stronger with the development of classification resources and supporting current classification programmes.

This year we have seen an increase in the number of classifiers and trainees throughout New Zealand. We have a large number of potential trainees who are awaiting training due to an advertisement placed in the July issue of the OT Insight, a magazine distributed to all trained and registered Occupational Therapists throughout New Zealand. Due to the success of this advertisement, once we have this group trained we hope to place an advertisement in the Physiotherapists National magazines also.

Paralympics New Zealand has endeavored to work closely with the Head Classifiers of each sport to ensure all their needs are catered for and so that robust programmes are in place. Paralympics New Zealand continues to maintain its guardianship role of Classification in New Zealand as classification is the foundation of fair competition for all athletes with a disability.

Deborah Duffield has been appointed to attend the Athens 2004 Paralympic Games as a classifier for wheelchair rugby. Hopefully by 2008 in Beijing a number of other classifiers will be attending the Paralympic Games also.

## **Contents**

<b>Page</b>	<b>1 - 2</b>	<b>Auditors Report</b>
	<b>3</b>	<b>Statement of Financial Position</b>
	<b>4</b>	<b>Statement of Financial Performance</b>
	<b>5</b>	<b>Statement of Movements in Equity</b>
	<b>6 - 9</b>	<b>Notes to the Financial Statements</b>

## **Auditors' Report**

### **To the Members of NZ Paraplegic & Physically Disabled Federation Incorporated**

We have audited the financial statements on pages 3 to 9. The financial statements provide information about the past financial performance of the Society and its financial position as at 30 June 2004. This information is stated in accordance with the accounting policies set out on page 6 to 7.

### **Board's Responsibilities**

The Board of the Society is responsible for the preparation of financial statements, which gives a true and fair view of the financial position of the Society as at 30 June 2004 and of the results of operations for the year ended 30 June 2004.

### **Auditors' Responsibilities**

It is our responsibility to express an independent opinion on the financial statements presented by the Board and report our opinion to you.

### **Basis of Opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. It also includes assessing:

- the significant estimates and judgments made by the Board in the preparation of the financial statements, and
- whether the accounting policies are appropriate to the Society's circumstances, consistently applied and adequately disclosed.

We conducted our audit in accordance with generally accepted auditing standards in New Zealand. We planned and performed our audit so as to obtain all the information and

explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatements, whether caused by fraud or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Other than in our capacity as auditors, we have no interest in or relationship the Society.

### **Qualified Opinion**

Control over revenues from postal appeal collections and certain other fundraising activities prior to being recorded is limited and there are no practical audit procedures to determine the effect of this limited control.

In this respect alone we have not obtained all the information and explanations that we have required.

In our opinion, except for adjustments that might have been found to be necessary had we been able to obtain sufficient evidence concerning revenue, the financial statements on pages 3 to 9

- comply with generally accepted accounting practice;
- give a true and fair view of the financial position of the Society as at 30 June 2004 and the results of its operations for the year ended on that date.

Our audit was completed on 23 August 2004 and our qualified opinion is expressed as at that date.

# NEW ZEALAND PARAPLEGIC & PHYSICALLY DISABLED FEDERATION INCORPORATED

## Notes to the Financial Statements for the year ended 30 June 2004

---

### 1 STATEMENT OF ACCOUNTING POLICIES

The financial statements are those of the New Zealand Paraplegic and Physically Disabled Federation of New Zealand Inc. (Paralympics New Zealand), an Incorporated Society under the Incorporated Societies Act 1908. The financial statements have been prepared in accordance with Generally Accepted Accounting Practice.

The measurement base adopted is that of Historical Cost. Reliance is placed on the fact that the Federation is a going concern.

#### PARTICULAR ACCOUNTING POLICIES

The following particular accounting policies that materially affect the measurement of earnings and the financial position have been applied:

##### Accounts Receivable

Accounts Receivable are stated at expected realisable value.

##### Taxation

The Federation being a charitable trust is therefore exempt from paying income taxation.

##### Grants Income / Special Purpose Funds

Grant Income is recognised using the income approach. At 30 June 2004 any unexpected grants that have not met all of the conditions are held in Trust for use in future accounting periods. Accordingly special purpose funds under liabilities in the Statement of Financial Position include various grants and donations that are intended for specific purposes, but unspent at balance date.

##### Goods and Services Tax

Goods and Services Tax is accounted for on a payments basis.

##### Expenditure

All expenditure is recorded net of any athlete contributions received.

##### Fixed Assets

Fixed Assets are recorded at cost less depreciation. Fixed Assets have been depreciated as follows:

Office Furniture and Equipment	12%-50% Diminishing Value
Computer Equipment	33%-48% Diminishing Value
Sports Equipment	39%-48% Diminishing Value

# NEW ZEALAND PARAPLEGIC & PHYSICALLY DISABLED FEDERATION INCORPORATED

## Notes to the Financial Statements for the year ended 30 June 2004

### Differential Reporting

The Society is a qualifying entity within the Framework for Differential Reporting. The Society qualifies on the basis that it is not publicly accountable and not large. The Society has taken advantage of all differential reporting concessions available to it except SSAP22 Related Party Disclosures and FRS19 Accounting for Goods and Services Tax, with which it has complied fully.

### 2 CHANGES IN ACCOUNTING POLICIES

There have been no changes in accounting policies. All policies have been applied on a basis consistent with those used in previous years.

### 3 CASH AND DEPOSITS

	2004	2003
	\$	\$
Administration Cheque Account	550,100	138,733
Projects Cheque Account	-	2,025
Investment Account	261,933	298,417
Petty Cash	100	100
	<u>812,133</u>	<u>439,275</u>

### 4 SPECIAL PURPOSE FUNDS

	2004	2003
	\$	\$
Paralympic Games Funds	-	50,623
Special Purpose Bequests	5,000	5,000
International Bequest	71,894	71,894
Blackwell Bequest	30,000	-
VM McGregor Estate	-	-
Lion Foundation Grant	20,552	28,700
SPARC High Performance Grant	450,000	100,000
SPARC Sport Development Grant	-	25,000
SPARC Special Grant	23,233	23,233
	<u>600,679</u>	<u>304,451</u>

These funds are received from various grants and donations that are intended for specific purposes. Any unspent funds at balance date are recognised as liabilities. Funds are expended from the Special Purpose Accounts only for specific purpose, they are intended for.
